#1 PET Clamshell and Film Plastics Accepted at our Depot

Do you have clamshells plastics or film plastics saved at your home and you're unsure what to do with them? We accept them at our recycling depot for free! The materials that can be dropped off (in residential volumes) at no charge include:

- #1 PET Clamshell plastics—*must be clear, hinged on one-side and stamped with #1 PET or PETE.*
- Film plastics—*plastic grocery bags, bread bags, product wrap, air pillows used for shipping, and food storage bags.*

The depot is open Monday through Friday, 8am to 12pm and 1pm to 4:30pm, we are closed daily for lunch from 12pm to 1pm.

Many clamshells look alike! Make sure you're only including #1 PET or PETE clear clamshell plastics.

If you're interested in recycling #1 PET clamshells, film plastic, or other hard to recycle items curbside, we have an optional program for an additional charge, Recycle+! To learn more about Recycle+ please visit our website: [https://pridedisposal.com/
residents/recycle-plus](https://pridedisposal.com/residents/recycle-plus).

For a full list of what you can drop off for recycling at our depot, visit our website: [https://pridedisposal.com/resources/recycling-
drop-off](https://pridedisposal.com/resources/recycling-drop-off)

Tote Placement

Our cart collection trucks use an automated arm to service your roll carts, so we are asking that you please take the following into consideration:

- Leave 3-5 feet between each cart whenever possible. This makes it easier for the automated arm to pick up each cart without knocking over the carts next to it.
- Place carts within 5 feet of the curb.
- Do not block bike lanes, vehicle lanes of travel, or sidewalks.
- Make sure there is 18' of overhead clearance from items such as basketball hoops and tree branches.
- Do not place too close to your fence, sprinkler heads, yard lights, or anything else that the driver may not see when picking up your cart and therefore could potentially damage.

It's also important that you **do not block sidewalks** with your carts. People that utilize wheelchairs, strollers, etc. need to be able to safely use the sidewalks, and blocking the sidewalk with your carts creates a hazard.

Whenever possible, place the carts on the street with the wheels of the cart

directly against the curb. We understand this isn't the perfect situation for every street. Other options include:

- Place the carts in the strip of landscaping between the sidewalk and the street.
- Place carts in your yard on the edge of the sidewalk that is closest to your home.
- If there is no sidewalk, place the carts in the street or in the landscaping along the street.

Bagging your garbage is important!

Please remember to bag your garbage before placing items in your garbage cart and close all bags securely. Lately there have been more customers not properly bagging and securely tying those bags. Bagging your garbage helps keep material from blowing around and creating litter during the collection process (especially on windy days). The loose garbage can also create a safety hazard for our drivers.

Help us to keep your neighborhoods clean by bagging your garbage and sealing the bag tightly before placing the bags in your garbage cart.
